WHO WE ARE

# EVERY WORLD *BEGINS WITH SOUND.*

CDB Production is a creative event and experience production studio based in Antalya, Türkiye. We start with music and build complete live worlds around it: the score, the performers, the choreography, the costumes, the staging and the operation of every night.

Our four original formats, NOEMA, XOXO, HYPNOTIZED and CASA DEL RITMO, run alongside dinner shows and season-long programmes for hotels, resorts and venues. One team takes each project from the first conversation to a show that runs as designed.
